ABOUT ME

Multidisciplinary Graphic Designer & Full-Stack Developer with over 10 years of experience in branding, digital media, and visual communication. Currently pursuing a degree in Web and Computer Programming through BYU-Pathway Worldwide, with a strong focus on full-stack development. Self-driven and creative, I blend design expertise with growing technical skills to deliver user-centered, innovative digital solutions. Passionate about continuous learning and adding value through design and code.

JOB EXPERIENCE

Freelance Graphic & Web Designer Self-employed | Windhoek, Namibia 2018 – Present

Designed brand identities, websites, and user interfaces for small businesses and NGOs.

Developed responsive websites using HTML, CSS, JavaScript, Python, MySQL, and C#.
